Five Little Ocean Friends

Five little ocean friends on the ocean floor
The starfish walks away and then there were four.

Four little ocean friends living in the sea
The crab slides away and then there were three.

Three little ocean friends looking for a clue
"Glub, glub" said the jellyfish and now there are two.

Two little ocean friends not having any fun
The seahorse swam away and then there was one.

One little octopus sad and all alone
Back swims the seahorse, back swims the jellyfish
Back swims the crab, back swims the starfish
And they played in the sea foam, safe in their home.
