Ten Little Suns

Start by covering each sun with a white cloud. "I have some clouds to show you. It looks like something is trying to peek through those clouds!" Uncover the suns as you sing.

1 little, 2 little, 3 little sunshines,
4 little, 5 little, 6 little sunshines,
7 little, 8 little, 9 little sunshines,
10 little sun are out today!

"Uh oh, looks like it's getting cloudy again!" Cover the suns back up while singing the second verse.

9 little, 8 little, 7 little sunshines,
6 little, 5 little, 4 little sunshines,
3 little, 2 little, 1 little sunshine,
No little suns are out today.
